A Note from the Bookstore

Hello friend,
 Welcome to our updated product catalog. By picking up this catalog you have joined us in our journey, thank you for taking the time to do so.

We started this interesting journey in January 2023 with the vision of offering good, clean reading for families in our communities far and near. In this catalog we compiled our current selection of 1,500 book titles along with an assortment of other gifts (puzzles, drinkware, Bible covers, cards, etc.). We also offer gift cards if you prefer to let your loved ones choose their own gifts. New for this year is wall art by iCare!

If you are looking for a certain title and do not see it here, feel free to give us a call and we just might have it in stock or we may be able to help you find it. We are continuously watching for new interesting books to add. We strive to keep our books family friendly. However, it is hardly possible to read each individual title in its entirety, and we also realize that interests and acceptability of story content vary greatly amongst our readers. With that said we welcome your feedback if you have concerns about a specific title. We hope we have something you will enjoy reading.

While shopping from this catalog, simply send or call in your order. Our goal is to provide a good customer experience. Here are a few ways we are working to serve you.

1. We strive to keep our shelves stocked with books so we can quickly ship them to you.
2. We strive to ship orders the next business day.
3. We strive to package your books so they arrive at your door in great condition.

We offer free shipping on U.S. retail orders over \$120. Due to USPS high package volume for Christmas allow extended shipping time through the month of December. If you want to speed up the delivery, we offer priority shipping on U.S. retail orders for \$15. Or if you'd prefer to pick it up, that is an option too. While we are primarily set up for mail order, you are welcome to come in and browse the store.

We want to continuously improve where we can and we need your feedback to guide us. We are thankful for the many authors, publishers and suppliers of wholesome Christian books that are available. I am also grateful for the team that I get to work with here at Twilight. My wish is that we could give God all the honor and glory as we work together to fulfill your reading desires.

May God Bless you always!
 The Twilight Team

“In the case of good books, the point is not to see how many of them you can get through, but rather how many can get through to you.”
 — Mortimer J. Adler

Anna's Courage

When Anna was eleven, she learned the meaning of courage. She needed courage for many things, from dealing with the bull...to trusting the Gypsies...to getting along with her classmates. But the most memorable day was when Mom decided to melt lard. Anna was sweeping the porch when a piercing scream brought her broom to a halt. "It's Mama!" she thought wildly. "Something happened to Mama!" Set in a simpler age this story based on true happenings takes us back to the time of the Great Depression. A time when many of our modern conveniences could not even be imagined. But one thing was the same: they needed to wait on the Lord and trust Him.

DUTCH FREEDOM SERIES

Rebecca Martin

The Netherlands of the 1560s were in great turmoil. Caught fast under the iron rule of Spain, the Dutch were subjected to the "Council of Blood." Protestants and Catholics fought each other for the upper hand and for freedom. In the midst of this turmoil were some lonely followers of Jesus Christ. They recognized that the cross is the only way to freedom. But could they stand true in the midst of all that turmoil?

Book 1

Three For The Cross

Besides Anneken, who resisted the cross of Christ, you will meet in this story two sisters called Adiana and Mariken. The lives of these three women were bound up with three Dirks men— Jacob and his sons. The Netherlands of the 1560s were in a great turmoil. Protestants and Catholics fought each other for the upper hand and for freedom. In the midst of this turmoil were some lowly followers of Jesus Christ. They recognized that the cross was the only way to freedom—the true freedom of the spirit.

Lord Of The Sea

Grandpa Ens — or Opa, as they called him in Dutch — had in his past something of which he was ashamed. Nothing embarrassed him more than to recall how he had become entangled with those religious fanatics of the 1530s. Embarrassing or not, Opa knew he had to tell the story. The oncoming generation was encountering similar challenges. There were still leaders who wanted to claim people's hearts and loyalty. As long as he lived, Opa never stopped reminding the younger generation that there is only one Lord upon whom we can truly depend. For the Dutch-speaking Mennonites of the 1570s, life was not easy. Not for Margi Ens and her family; not for Laurens van Groff and his family. Through rough waters and high waves, they continually drew strength from the Lord of the sea.

"Recruiters," gasped Pieter when he was near enough. "Just as we sang the closing hymn, recruiters for the king's army came barging in." Will the young men who were taken be able to resist the drillmaster's pressure? Starvation and other tortures were used to compel them to take up arms. King Frederick William wanted them in his army! In this fourth book of the "Dutch Freedom" series, we find the persecution easing off. No longer are the believers being slain for their faith. Yet some are concerned. As the church transitions out of persecution, what will happen to the purity of the faith? Laurens and Margi, in the Netherlands, struggle with such questions. So do Janski and Frani, in East Prussia. They still face oppression in different forms. Time after time the Mennonites are forced to pull up their roots and emigrate. When will they find a land of true freedom? Or is true freedom a state of heart?

Pilgrims Of The Prairies

When traveling thru the prairies in western Canada, one finds the land dotted with Hutterite Colonies. Sometimes, their land spans as far as the eye can see. Even so, the land owned by Hutterites is less per family than the average non-Hutterite farmer. Leroy and Lavern visited 32 Hutterite colonies in western Canada, each one not quite the same as the next. Most colonies are large, and they almost got lost in their massive building complexes and interconnecting driveways when navigating around shops, barns and houses, looking for someone to talk to. This book touches the differences between the four Hutterite groups and their customs. From their large

farming operations with seven combines working in one field, to seeing a cattle dog separating steers from the herd, to building fire trucks, there was always something to observe. During their colony visits, Leroy and Lavern also witnessed the graduation ceremony of five Hutterite girls from high school. You will also learn about the spiritual discussions, and the many questions Leroy had for them.

Reaching Patagonia

Traveling overland from their homes in Pennsylvania to Ushuaia, the southernmost city in the world, was the challenge of a lifetime for Leroy and his friend Lavern. The adventurous duo faced many difficulties and experienced much joy during their year-long journey. They battled their way through the congested, smoke-choked cities, tackled tough driving conditions in remote, mountainous regions, and traversed deserts, jungles and everything else that stood between them and their goal. This interesting book provides insight into their journey as well as fascinating cultures throughout Latin America.

Pioneers Of Endurance

In 2021, Lavern said good bye to his friends and family and went on a journey to visit many Mennonite colonies. Six years before the trip, Lavern asked Leroy if he would take him to see these Mennonites who live in the southernmost regions of Mexico. His reply had disappointed me somewhat, he had quickly told me he is not going to Mexico. He admitted he is just too scared to go. A few years can change a man. Now he came to me, asking if I would accompany him on a long journey to visit the Low German Mennonites throughout Latin America. In Belize, we visited many Mennonite communities that were located at the edge of jungles. I will remember the evenings we listened to the Howler monkeys disputing their territories on the quiet evenings. Some Belizean Mennonites rely on original horsepower and waterpower, and do not use battery operated tools or equipment powered by electricity. Journey along with them on the thousands of miles and much hard work. The Mennonites received them well and shared personal stories of various challenges which they faced throughout the years.

In God We Don't Trust

- David Bercot

Here is the compelling narrative of the founding of America, told from a perspective that few people have ever heard. That perspective is the kingdom of God. America's currency declares, "In God We Trust." But did the American colonists truly trust in God in the founding of the United States? For example, the Scriptures tell us, "The authorities that exist are appointed by God. . . . Render therefore to all their due: taxes to whom taxes are due: (Rom. 13). Yet, the American colonists refused to pay their taxes, and they rebelled against their government. Was that right? The American colonists had many admirable traits, and they established a wonderful country. The product of nine years of research, In God We Don't Trust challenges much of what most of us learned in school about the founding of America and the American Revolution. Bercot's well-documented findings will surprise many people. At the same time, this timely work will strengthen the convictions of Christians who take seriously the teachings of Jesus.

In AD 284, Diocletian was crowned emperor of Rome. Almost two decades later, soon after Mark was ordained a presbyter, the emperor unleashed his fury on the church. They could give up their faith and live. Or they could stand firm and die...

Compromise

It was A.D. 311, eight years since Mark's wife had been martyred for her faith. Life had gone on, but Mark was increasingly lonely. He wondered what God had in store for him. He also wondered what the future held for the church. Would the Christians hold fast to the teachings of Christos, or would the new freedom lead to internal disputes and compromise? Constantine, the new emperor, had his own problems. Ruling the empire was a constant challenge—and so was dealing with his own family. Why was his wife acting so strangely? And why had his son left home for no reason?

Disintegration threatened the nearly two-year old Anabaptist movement in 1526. Quarrelling individuals with bizarre theology and behavior threatened the movement's stability; persecution threatened its existence. It was a moment of great crisis—and opportunity. Engulfed in persecution, embroiled in doctrinal disputes, and lacking adequate leadership, the Anabaptist movement needed a compelling vision and a man to personify it. God sent a man, Michael Sattler, to fill that role. His story is one of faith, courage, and conviction.

Let Me Die In Ireland

- David Bercot

Practically everyone in the western world has heard of the man known today as St. Patrick. Yet, hardly anyone knows anything about the real man. About the only two things that most people "know" about Patrick is that he was Irish and that he was Roman Catholic. In truth, however, he was neither one. Let Me Die in Ireland cuts through all of the myths about Patrick and presents a dramatized biography of the authentic Christian missionary, Patrick. The story of the real man is far more exciting and inspiring than any of the myths about him.

Patrick was one of the greatest missionaries of all time and a true man of prayer and integrity. A narrative you won't soon forget.

The Historic Faith Commentary Vol 1. Matt.

- David Bercot

This commentary on Matthew is to help readers see the Gospel of Matthew through the eyes of the early Christians who lived in the first centuries after Christ, instead of through the eyes of Luther, Calvin, or a 21st century expositor. The commentary contains over 1,200 quotations from the early Christians. All the background historical and cultural information in the commentary comes directly from ancient primary sources – early Christian writings, ancient Jewish works, and first-century Roman writings. Bercot began this new commentary series with the Gospel of Matthew because a person cannot understand the New Testament until he has a sound grasp on the teachings of Jesus. Matthew contains more of Jesus' teachings than any other New Testament book. This volume covers the first thirteen chapters of Matthew – including a lengthy exposition of the Sermon on the Mount, verse by verse, directly from the early Christians.

Secrets Of The Kingdom Of Life

David Bercot

Jesus says, "If anyone desires to come after Me, let him deny himself, and take up his cross, and follow Me." Yet, He also says, "My yoke is easy and My burden is light." How can both of those teachings be true? The answer is to be found among the Secrets Of The Kingdom Life. Every one of God's commands was given to us because He loves us, not to add burdens to our lives. Abandoning ourselves to the Kingdom Life is not only a narrow way, but a joyous way as well. For Jesus' yoke to be easy, we need more of Jesus, not less of Him. Secrets Of The Kingdom Life was written to

make the reader hungry for a deeper walk with Christ. Among other things, Bercot shows the reader how to have a powerful devotional time with God each day and then to remain in communion with God throughout the day. The reader who puts the teachings on prayer, Bible study, reflection, and obedience into action will draw closer to God than ever before. Bercot addresses issues of heart and spirit in a gracious yet convicting way and challenges the reader to make a decisive commitment to live a life totally surrendered to Christ.

The Romans Commentary

- David Bercot

This commentary enables the reader to share the same experience that a Christian living in the first four centuries would have experienced when hearing Romans explained on a given Sunday. You will hear the same explanations they would have heard. As you will see, those early Christians understood Romans quite differently than what most Christians do today. That is because they lived prior to the two major reinterpretations of Romans: that of Augustine and that of Luther. After hearing the early Christian's understanding

of Romans, the readers can then decide whether they think the entire church got Romans wrong from the very beginning—or if Christians today are badly misreading this important book of Scripture.

The Kingdom That Turned The World Upside Down

- David Bercot

If someone were to ask you what was the theme of Jesus' preaching, what would be your answer? Man's need for salvation? God's love for mankind? The new birth? To be sure, Jesus spoke about all of those things. And they're all essential truths. But none of them were the theme of His teaching. The theme of Jesus' message was the kingdom of God. Wherever He went, Jesus preached about the kingdom. The irony is that the message of the kingdom is almost totally missing from the gospel that's preached

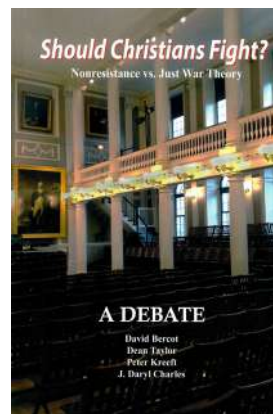

today. As a result, a lot of Christians don't realize that the kingdom of God is a present reality on earth. In fact, they don't even know what the kingdom of God is. Consequently, they never make the kingdom commitment that Christ requires. In The Kingdom that Turned the World Upside Down, David Bercot takes the reader back to Jesus' teachings of the kingdom – teachings that have too often been forgotten. Bercot describes the radically new laws of the kingdom and its upside-down values. There's no room in Christ's kingdom for superficial Christianity, for this is a kingdom that has historically turned the world upside down.

Patrick Of Ireland

- David Bercot

Sixteen-year-old Patrick felt the cool tingle of the wet grass on his feet as he strolled through his father's farm on a late spring morning. As was typical for the west coast of Britain, dense fog enveloped the hills and farm buildings. As his sandal-covered feet sloshed through the moist green grass, Patrick squinted into the fog. For a minute he thought he saw ghostly bodies and faces. They seemed so real . . . but surely they couldn't be. Patrick froze.

**Where My Feet Have Trod**

- Sam Chupp

After writing a series of articles for the "Pilgrim's Pathway" for a number of years some friends approached Sam Chupp who resides in Pearisburg VA, about compiling some of his articles into book form. For example, Sam's good friend Joseph Stoll told him "It would be sad indeed if we should pass on and leave nothing back for our children and grandchildren". Sam notices a great famine of sound Christian marriages among the "plain" people! And after many years of counseling married couples, he has observed that possibly only about 1/3 of the marriages seem to be functional according to Ephesians

5. One third are just existing and 1/3 are unofficial divorce cases. Most of the other topics were inspired by his own observations and experiences of many years as an OOA Minister and Bishop. Some of the stories come from sessions with struggling individuals or couples. Some are based on actual events; some, from his own personal failures and mistakes. Sam's desire is to leave something back for his children and the next generations, and hopes and trusts that all who read this book may receive a blessing from it, all to the honor and glory of God.

**The Cross And The Sword**

- Norman Yoder

In 1573, a woman named Maeyken Wens was burned to death at the stake in Antwerp, Belgium. To ensure she wouldn't speak of her faith, the authorities fastened her tongue to her mouth with a screw. After the execution, Maeyken's son Hans dug through the ashes and took the tongue screw home as a keepsake—a reminder of his mother's love and steadfastness. That tongue screw is like our heritage. Author Norman Yoder, an Amish minister, challenges American Anabaptists in the 2020s - are we still clinging to the faith of our forefathers? Are we using the same critical New Testament thinking they used five

hundred years ago? The Cross and the Sword covers a wide range of important principles. Are we still truly practicing nonresistance? Are we carrying a personal cross? Norman walks us through the concepts of church identity, godly leadership, and separation of church and state. Most importantly, he focuses on being a Christ-follower. Can we, like Maeyken Wens, transmit our faith to future generations?

The Whirlwind Cometh

Are we teaching love and respect in our homes? Are we showing respect to the church, and to our government? Do we obey them? Even though this is fiction, the anonymous author has a message that gives us something to think about. We never know what we may face here on earth. Let us build solid foundations and keep strengthening them.

- Paul Weaver

While counseling, praying and weeping with many wounded and shattered lives, God has deeply moved Paul's heart and clearly revealed what is often missing. There are strongholds, doors left open that allow this dark hand to grip their lives and keep them chained by powers of darkness. But with truth, God is able to deliver many lives and set them free! The author shares this research with challenge and clear direction how to be free, pointing out the spiritual dangers and bondage.
